MY SUMMARY

Computer Science student at the Lebanese International University with a focus on frontend development. I enjoy turning ideas into real, working applications and building my skills through hands-on projects. Experience with JavaScript, TypeScript, React, and Tailwind CSS, with an emphasis on responsive, user-friendly web interfaces. Currently seeking a frontend internship to learn, contribute, and keep growing as a developer.

EDUCATION

Lebanese International University (LIU) — Tripoli, Lebanon

Bachelor of Science in Computer Science

Expected Graduation: July 2028 | Second-Year Student | **GPA:** 3.08 / 4.00.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript.

Frontend: React, Vite, Tailwind CSS, Responsive Web Design.

Developer Tools: Git & GitHub, npm, pnpm, Postman, Vercel, Linux (Ubuntu).

Core Concepts: Component-Based Architecture, React Hooks, State Management, DOM Manipulation, API Integration.

PROJECTS

Abdallah Hassoun — Portfolio | [View Live](#) | [View On Github](#)

- Built a personal portfolio website using React, TypeScript, Vite, and Tailwind CSS.
- Organized content with reusable components, custom hooks, and data-driven sections for easier maintenance.
- Implemented responsive layouts, dark mode, scroll-based section highlighting, and smooth reveal animations.
- Added an accessible contact form with inline validation, keyboard-friendly navigation, and reduced-motion support.

Car Rental Management System | [View Live](#) | [View on GitHub](#)

- Built a frontend-first car rental management MVP using React, TypeScript, Vite, Tailwind CSS, and shadcn/ui.
- Designed a mobile-first Arabic (RTL) interface covering fleet management, customers, rentals, maintenance, payments, and analytics.
- Developed reusable components and a scalable, feature-based architecture with mock data to validate the product before backend development.
- Documented the project with a structured architecture, design system, and modular AI-assisted development workflow to support maintainability and future expansion.

TRAINING & COURSEWORK

- **Onsite Frontend Web Development Training** — Nahr al-Bared, North Lebanon, completed hands-on training in HTML, CSS, Git, GitHub, and responsive web development (30h) | [Completion Statement](#).
- **Understanding TypeScript** — Udemy (Maximilian Schwarzmüller) | [Certificate of Completion](#).
- **React - The Complete Guide** — Udemy (Maximilian Schwarzmüller) | Ongoing.

LANGUAGES

Arabic: Native | **English:** Good working proficiency.
